

SPENCER GROUNDS CARE

Where your home ground matters!

I'm Co-owner Niki Spencer and everyone that knows me knows how much I love being outdoors! I've been a first responder for about 13 years and I love helping people. You combine those two things with our knowledge of lawn care and pressure washing and that is how we came to be in this business. We want to make our customers happy and be outside while doing so!

I'm Co-owner Blake Spencer and have been a Journeyman Wireman in the I.B.E.W for 15 years. I grew up working in pecan orchards and providing lawncare. I truly enjoy yard work and working on projects around the house. Let us know what we can help you with.

We are a small family business that can and will provide quality service at a fair price. Give us a call for all your lawn care and pressure washing needs! 478-494-6088 or 404-558-1446

Services:

Our lawn care services include weed control, weed eating, mowing, trimming, and mulching.

We can provide all types of residential and commercial outdoor washing: soft washes, pressure washing, roof washes, driveways, walkways and pool decks.
